
Maple Grove Neighborhood Association -Bylaws & Standards

About this Community

Maple Grove Neighborhood Association exists to keep our shared spaces safe, tidy, and neighborly. This bylaws and standards handbook covers architectural approvals, maintenance expectations, and how we handle common issues fairly and predictably. We publish timelines, forms, and examples so no one has to guess.

You'll find guidance on exterior changes, fences, sheds, landscaping, quiet hours, parking, and community events—plus how to contact the board and appeal decisions.
