
Gardeners Alliance, Plot Guide & Seed Commons

About this Community

The Gardeners Alliance is a grassroots network of community gardens working together to grow more than just vegetables we grow friendships, resilience, and greener neighborhoods. By sharing tools, seeds, and hard-earned know-how, we make it easier for everyone to take part in local food production and care for the land.

This guide explains how garden plots are assigned and rotated to keep opportunities fair and the soil healthy. You'll find our approach to composting—turning scraps into soil—and our strategies for managing pests without harsh chemicals, so our gardens remain safe for people, pollinators, and the planet. We also outline how we organize inclusive workdays and seasonal seed swaps to ensure everyone feels welcome and valued.

Our rules cover the practical details that keep gardens thriving:

Irrigation guidelines and low-flow etiquette to conserve water
Tool...

Sample Rules / Principles

• Winterizing & Season Close

Tear?down checklist, soil cover crops, tool oiling day, and irrigation blowout. Purpose: clarify expectations and reduce friction for members. Measurement: publish quarterly participation, incident counts, and...

• Harvest Donations & Food Bank Days

Weigh stations, wash and pack guidance, and partner delivery windows. Purpose: clarify expectations and reduce friction for members. Measurement: publish quarterly participation, incident counts, and satisfaction survey...

• Seed Swaps & Plant Share

Label variety and year; no invasive species; fair?trade table etiquette; and cleanup at end of swap. Purpose: clarify expectations and reduce friction for members. Measurement: publish quarterly participation, incident...

• Disease Alerts & Biosecurity

Shared alerts for blight/mildew/viruses, removal steps, and quarantine for affected plots. Purpose: clarify expectations and reduce friction for members. Measurement: publish quarterly participation, incident counts,...
