
Atlanta Startup & Fintech Guild

About this Community

Atlanta Startup & Fintech Guild connects founders, product leaders, bankers, processors, and investors across Transaction Alley. We share operating norms for demos, pilots, data handling, and community events so startups and enterprises can collaborate safely and efficiently.

This guild elevates ethics, transparency, and inclusion while speeding up real partnerships and protecting customer trust.

Sample Rules / Principles

• Open Source and IP Contributions

Honor licenses and contributor agreements; disclose if demo code will be reused in prod. Why this matters: "Open Source and IP Contributions" codifies shared expectations so members reduce risk, respect partners and...

• Mentorship and Office Hours

Offer clear scopes and timeboxes; keep mentee information private unless permission to share. Why this matters: "Mentorship and Office Hours" codifies shared expectations so members reduce risk, respect partners and...

• Recording and Photography Policy

Ask for consent; label no-recording zones. Respect stealth-mode requests. Why this matters: "Recording and Photography Policy" codifies shared expectations so members reduce risk, respect partners and customers, and...

• Recruiting Boundaries at Events

Do not poach actively during hosted events; share roles in a designated channel after. Why this matters: "Recruiting Boundaries at Events" codifies shared expectations so members reduce risk, respect partners and...
