## About this Community

North Georgia Craft Beverage Guild unites breweries, distilleries, cideries, and wineries across the mountains and foothills. We share tasting-room standards, tour safety, collaboration norms, and sustainability practices to grow responsibly and delight guests.

## Sample Rules / Principles

### • Sustainability and Water Use

Track water-to-beer ratio; recycling and spent grain plans. Why this matters: "Sustainability and Water Use" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together...

### • Glassware Breakage and Cleanup

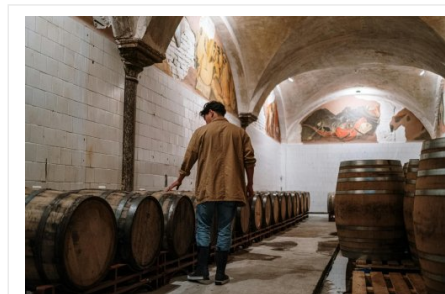

Immediate sweep and mark area; staff-only behind bar. Why this matters: "Glassware Breakage and Cleanup" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together...

### • Food Partners and Trucks

Coordinate trash and seating; no outside alcohol. Why this matters: "Food Partners and Trucks" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together without...

### • Noise and Music

Cap volumes; manage outdoor sound after 9pm. Why this matters: "Noise and Music" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together without cutting corners....
