
Georgia EV Charging Operators Group

About this Community

Georgia EV Charging Operators Group coordinates reliability, pricing transparency, safety, and accessibility among site hosts and networks.

We aim to make charging predictable and fair while respecting neighborhood context and users of all abilities.

Sample Rules / Principles

• Data Privacy

Minimize personal data; encrypt and rotate API keys. Why this matters: "Data Privacy" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together without cutting...

• Customer Support SLAs

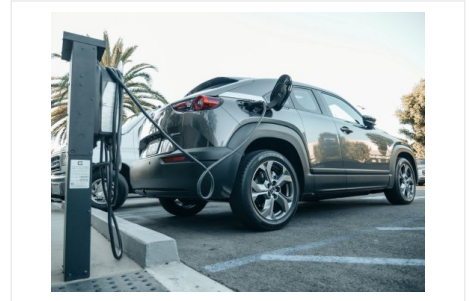

Answer within 60 seconds; offer callbacks; track satisfaction. Why this matters: "Customer Support SLAs" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together...

• Battery Fire Risk and Safety

Train staff on EV fire basics; place extinguishers and signage. Why this matters: "Battery Fire Risk and Safety" codifies shared expectations so members reduce risk, respect partners and customers, and move faster...

• Host Responsibilities

Lighting, cameras, and snow/leaf clearing; report hazards promptly. Why this matters: "Host Responsibilities" codifies shared expectations so members reduce risk, respect partners and customers, and move faster together...
