
University Labs Safety Council

About this Community

University Labs Safety Council maintains working SOPs so newcomers and veterans operate safely. We iterate in the open and audit ourselves regularly. We welcome feedback and publish revisions on a regular cadence.

Sample Rules / Principles

• Research Data and Notebooks

Numbered pages; backups; IP respect. Standard Operating Procedure: 1) Scope — define what will happen and who is accountable. 2) Prep — collect materials, confirm times, share risks. 3) Execute — follow the posted steps...

• Housekeeping

Benches clear; aisles open; glass bins used. Standard Operating Procedure: 1) Scope — define what will happen and who is accountable. 2) Prep — collect materials, confirm times, share risks. 3) Execute — follow the...

• Emergency Response

Showers/eyewash, spill kits; phone and alarm points. Standard Operating Procedure: 1) Scope — define what will happen and who is accountable. 2) Prep — collect materials, confirm times, share risks. 3) Execute — follow...

• Incident and Near-Miss Reporting

Blameless reporting; weekly review huddles. Standard Operating Procedure: 1) Scope — define what will happen and who is accountable. 2) Prep — collect materials, confirm times, share risks. 3) Execute — follow the...
