
Harbor City Renewal 2026

About this Community

Harbor City Renewal 2026 is a community-driven platform to modernize city services, improve safety, and expand opportunity for every neighborhood. Led by mayoral candidate Elena Park, this jurisdiction invites residents to help shape policies that are practical, transparent, and measurable.

Elena Park is a former public defender and civic-tech nonprofit director who has spent fifteen years building programs that reduce repeat offenses, expand youth employment, and bring city services online. She believes public safety and economic mobility work best together: when young people have pathways to good jobs, when small businesses can thrive, and when the city is easy to navigate.

On RuleTogether, Elena publishes proposals, gathers community feedback, and commits to clear progress dashboards. Her priorities include evidence-based violence prevention, a Youth Works apprenticeship...

Sample Rules / Principles

• Harbor Homes Preservation Fund

Create a preservation fund to keep at-risk affordable units online: deed-restricted rehab loans for small landlords, tenant-opportunity-to-purchase assistance, and acquisition of expiring affordability projects....

• Open 311 & Service SLAs

Modernize 311 with photo uploads, auto-routing, and public SLAs (e.g., potholes: 72 hours average). Residents can track work orders on a map and subscribe to updates. Monthly API dumps allow watchdog groups to analyze...

• Clean & Green Corridors

Launch corridor partnerships with merchants and block leaders for weekly litter pickup, tree pit care, and storefront lighting upgrades. Provide grants for façade refreshes and shared dumpsters to reduce illegal...

• Harbor Wi-Fi & Device Access

Stand up neighborhood Wi-Fi at libraries, rec centers, and plazas with open-access fiber backhaul in two pilot zones. Partner with refurbishers to supply low-cost laptops to students and seniors. Publish uptime and...
