
Net Zero Neighborhoods

About this Community

Net Zero Neighborhoods is Environmental & Climate candidate Diego Ramirez's plan to cut emissions, grow shade, and build resilience with clear public data.

Sample Rules / Principles

- **Floodplain Updates & Nature-Based Solutions**

Update maps and invest in wetlands/streams for storm storage. Report reduced claims and closures.

- **Green Procurement & Fleet Transition**

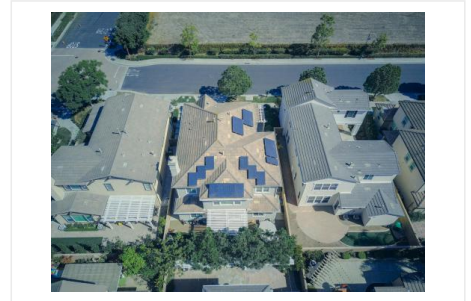

Adopt low-carbon purchasing and transition city fleet to EV/renewable fuels. Share lifecycle cost and emissions avoided.

- **Compost, Waste Audits & Circular Economy**

Launch curbside composting pilots, school waste audits, and reuse grants. Publish diversion rates and contamination cuts.

- **Urban Forestry & Cool Roofs**

Plant trees and fund cool roofs in the hottest blocks. Track canopy growth and roof reflectance coverage.
