

Buford Robotics & STEM Club (FLL/FTC)

Featured Principles

- **Team Chat Guidelines**

Group chat = kind, helpful, on-topic. No late-night pings; use threads for sub-teams so info is easy to find.

- **Design Review Checkpoints (15 minutes)**

Before we cut or print: quick design check with a mentor. Keeps us from oops moments and wasted filament.

- **Meeting Schedule & Attendance**

Build nights are Tue/Thu 6–8 pm + Sat 10–1. If you're late, text the group so mentors can help you catch up.

- **Parts & Purchases (ask if over \$50)**

Small stuff we grab quickly; anything over \$50: drop it in the parts list so we can approve and track.

- **Travel & Competition Code (be kind, be on time)**

Bags packed night before, wear team shirt, help each other, and we use inside voices with volunteers/judges....
