

Secure City

Featured Principles

- **MFA Rollout & Device Compliance**

Enforce MFA, patch SLAs, and device posture checks; publish enrollment by department.

- **Phishing Drills & Training**

Quarterly simulated attacks with targeted coaching; share anonymized click rates.

- **Zero-Trust Network Segmentation**

Segment critical apps, use least privilege, and log east-west traffic; publish architecture overviews.

- **Incident Response & Disclosure Policy**

Standardize timelines for notices, postmortems, and mitigations after incidents.

- **Backup Resilience & Restore Drills**

Immutable backups, tested restores, and RPO/RTO dashboards for critical systems.
